

PROFILE

Company Introduction

SODANIKKA CO.,LTD.

Greetings From President

Soda Nikka Co., Ltd. was established in 1947 as a vendor for soda products. In the past over 70 years, we have developed into a trading company specializing in a wide range of chemical products, from basic raw materials to functional products. Not only having fulfilled our mission as a trading company to “ensure a stable supply” and “create new values”, but we have also become a corporate group with a wide range of functions such as logistics bases, manufacturing facilities, and overseas networks.

On the other hand, looking at the current social situation, we are facing a turning point in history with the acceleration of carbon neutral solutions, the production rationalization in the domestic manufacturing industry and the utilization of digital technology in transactions. In order to achieve further sustainable growth while under such a rapidly changing social environment, we have set a long-term vision called “Go forward” until fiscal year 2030. According to this long-term vision, we will contribute to solving social issues as a “coordinator between society and chemical industry” and aim for further development towards creating an “affluent and sustainable society.”

During the third stage of this long-term vision from fiscal year 2023 to fiscal year 2026, we are working on the four-year medium-term management plan “Go forward STAGE 3”. Under the theme of “Transformation” to create a new growth trajectory, we put greater emphasis on dialogue with customers and markets, and strive to enhance our company functions such as providing products and services that will be required in the coming era.

Furthermore, we consider environmental contribution activities, Sustainable Development Goals (SDGs), compliance and governance as one of the most significant managerial issues. We are committed to conducting ESG-focused management and earning the trust from our stakeholders by enhancing both financial and non-financial aspects.

President and Chief Executive Officer

RYUJI MEZAKI

We are evolving as a professional and independent trade company based on solid business foundation.

COMPANY PROFILE

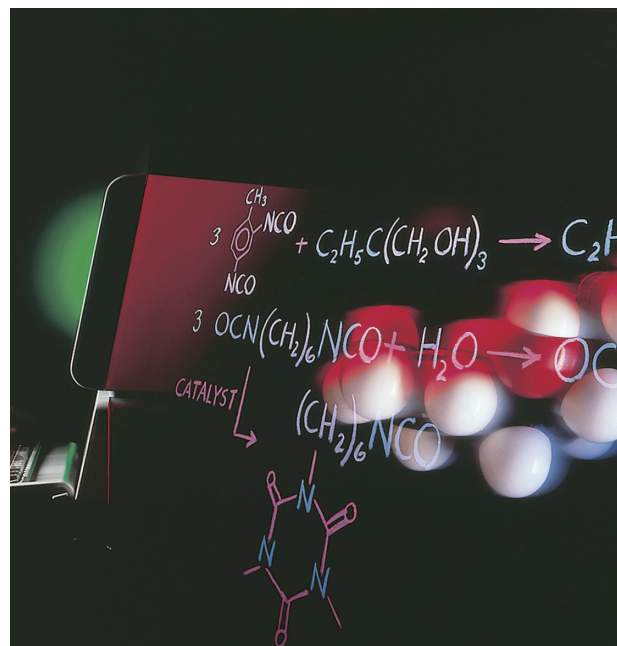

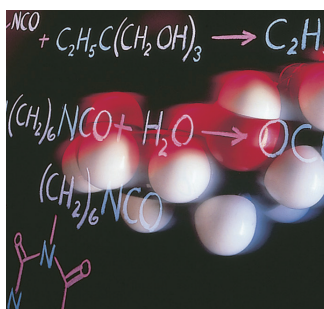

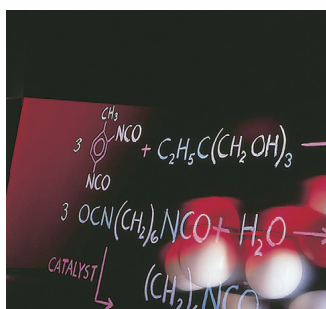

Company name	SODA NIKKA CO., LTD.
Head office	Nihonbashi Front 5F, 3-6-2 Nihonbashi, Chuo-ku, Tokyo 103-8322, Japan
Date established	April 1, 1947
Capital	JPY 3,762,500,000
Lines of business	Purchase, sale, and trade of industrial chemicals, petrochemical products, synthetic resin and processed products, electronic materials, fuels, various equipment and containers, etc.; design, manufacture, and contracting of work of chemical industry facilities and equipment.

EQUITY STATUS

Number of	22,968,000 stocks (as of May 31, 2022)
Issued stocks	
Stock listing	Tokyo Stock Exchange, Prime Market

MAIN FINANCING BANKS

Resona Bank, Ltd.
Mizuho Bank, Ltd.
Sumitomo Mitsui Banking Corporation
MUFG Bank, Ltd.
The Shizuoka Bank, Ltd.
Sumitomo Mitsui Trust Bank, Ltd.
The Joyo Bank, Ltd.

HISTORY

1947

Established Soda Shoji Co., Ltd. in Nihonbashi, Chuo-ku, Tokyo
Opened Otaru Local Office (now Hokkaido Branch)
Opened Nagoya Local Office (now Nagoya Branch)

Together with Industrial chemicals distribution we began distributing equipments and containers for chemical production companies.

1948

Opened Osaka Local Office (now Kansai Regional Office)
Opened Shizuoka Local Office (now Shizuoka Sales Office)

1953

Opened Sendai Sales Office (now Sendai Branch)

1955

Opened Kokura Sales Office (now Fukuoka Branch)
Opened Ube Sales Office

1958

Opened Takamatsu Contact Office (now Shikoku Branch)

1972

Established Fuji Chemical Center

1975

Opened Tomakomai Local Office (now Hokkaido Branch's Satellite Office)

1979

Opened Hiroshima Sales Office (now Hiroshima Branch)
Merge with Shinnikka Sangyo Co., Ltd. name changed to "SODA NIKKA CO., LTD."

1981

Established Hiroshima Ono Chemical Center

1983

Opened Mishima Local Office (now Shikoku Branch's Satellite Office)

1984

Established SN Service Co., Ltd. (subsidiary)
Established Sendai Shichigahama Chemical Center

1986

Increased total capital to JPY 1,316,000,000 by offering stocks to the public
Listed on Second Section of Tokyo Stock Exchange.

1989

Established Kushiro Chemical Center

1991

Increased total capital to JPY 3,762,500,000 by offering stocks to the public
Opened Jakarta Representative Office
Listed on First Section of Tokyo Stock Exchange

2003

Opened Shanghai Representative Office

2006

Established Soda Nikka (Shanghai) Co., Ltd. (subsidiary) in China

2008

Head office relocation (Nihonbashi Front 5F, 3-6-2 Nihonbashi, Chuo-ku, Tokyo)

2012

Established PT. SODA NIKKA INDONESIA (subsidiary) in Indonesia

2013

Established SN Logistics Co., Ltd. (subsidiary)
Acquisition of Nihon Howsow Co., Ltd.

2014

Established SODA NIKKA VIETNAM CO., LTD.
(subsidiary) in Vietnam

2015

Acquisition of Moris Co., Ltd.

2016

Acquisition of Nisshin Co., Ltd.
SN Service and SN Logistic merged and changed to SODA NIKKA Business Support Co., Ltd.

2021

Acquisition of Notsu Zensuke Shoten Co.,Ltd

We make every effort to provide products, services and business proposal to meet the requirement of the customers.

We know what you need.

◆ CHEMICAL SECTOR

■ INORGANIC CHEMICALS

● SODA PRODUCTS

Caustic Soda, Sodium Carbonate, Liquid Chlorine, Hydrochloric Acid

● SECONDARY PRODUCTS FROM SODA

Sodium Bicarbonate, Calcium Chloride, Sodium Chlorate, Sodium Hypochlorite, Sodium Sulfate, Sodium Silicate, Sodium Sulfate Compounds, and other Secondary products from Soda

● AMMONIA PRODUCTS

Ammonia, Uric acid, Thiourea, Nitric acid

● INORGANIC CHEMICALS

Hydrogen Peroxide, Sulfate, Hydrofluoric Acid, Potassium Hydroxide, Zeolite, Metallic compounds and other inorganic chemicals

■ ENVIRONMENTAL CHEMICALS

Waste gas and waste water neutralizers, Disinfectants, Inorganic and Organic Flocculants, Deodorizer, Activated Carbon, Dust Control Agent, Snow Melting Agents, Soil Contamination Solutions, Soil Stabilization Solutions, Grout Materials, Anti-liquefaction Solutions

■ ORGANIC CHEMICALS

● SOLVENTS

Petroleum Solvents, Chlorinated Solvents, Fluorine Solvents, Alcohol Solvents, Ketone Solvents, Glycol Solvents, Aromatic Solvents

● PETROCHEMICALS

Organic Chlorine Compounds, BTX and Derivatives, Amines and Derivatives, Ethylene and Propylene Derivatives, Monomers

● FINE CHEMICALS

Surfactants, Silicon, Fluoride Fine Chemicals, Detergents, Disinfectants, Antifungal Agents, Food additives, Polymer Flocculants, Raw Materials and Additives for Detergents, Adhesives

■ CHEMICALS FOR PAPER INDUSTRY

Latex, Strengthening Agents, Sizing Agents, Processed Starch, Chlorate, Calcium Carbonate, Deinking Agents, Defoamers, Retention Aid Agents, White Carbon, Titanium Oxide, Adhesive Control Agents

■ OTHER CHEMICALS

Heavy Oil, Kerosene, Light Oil, Petroleum Oil Coke, Oil and Fat, Animal Feed and Fertilizers, Medicines, Salt, Pulp, Plasticizers, Stabilizers, Antioxidants, Flame Retardants, Metal Soaps

◆ FUNCTIONAL MATERIALS SECTOR

■ SYNTHETIC RESINS

● SYNTHETIC RESIN MATERIALS

Polyethylene, Polypropylene, Polystyrene, Polyester, Unsaturated Polyester, Epoxy, Polyurethane, Fluorine resin, High Performance Plastics (Engineering Plastics), PVC, Resin Compounds, Composite Plastics, Recycled Plastics

● SYNTHETIC RESIN PRODUCTS

FRP Products, High-Performance Plastic Products, Industrial Products, Construction Products, Foaming Products, PVC Products, Synthetic Wood, Fluorine Coating Agents, Molding Products

● SYNTHETIC RESIN SUBMATERIALS

Long Glass Fibers, Short Glass Fibers, Carbon Fibers, Metal Fibers, FRP Sub-materials, other Synthetic Plastic Sub-materials

● PACKAGING PRODUCTS

Polypropylene Sheets, Polyethylene Films, Polypropylene Films, Polyester Films, Nylon Films, Composite Films, Vinylidene Chloride Films, Vinyl Chloride Films, other types of Films; Plastic containers, Non-woven Fabrics, Paper Containers, Recyclable Packaging Materials, Automatic Packaging Technology Solutions, Automatic Sterilization Equipment, Freezing Solutions, Sterilized Packaging Solutions, Injection Molding Solutions, Vacuum Pressure Molding Solutions

■ ELECTRONIC MATERIALS

Liquefied Crystal Materials, Materials for Primary Cells and Rechargeable Batteries, Magnetic Materials, Materials for Circuit Board, Materials for Circuit Board Etching System, Printed Circuit Boards, Storage Medium and Materials, Magnetic Cards, Semiconductors, Detergents for Semiconductors, Developing Fluids, Resist Ink, Electrostatic Discharge Packaging Materials, Electronic Devices and Electronic Systems, Electronic Component Sealing Materials, Fluorine Insulator Materials

■ ENVIRONMENT - RELATED MATERIALS

● ENVIRONMENT - RELATED EQUIPMENT

Pipe Materials, Tanks of all kinds, Lining Equipment, Rotating Equipment of all kinds, Machineries for Chemical Processing, Equipment for Construction, Logistics, Electrostatic Dust Collector Equipment, Sewage and Waste Gas Treatment Equipment, Liquefied Chlorine Absorbing Equipment, Acid and Alkali Recovery Equipment, Valuable Materials Recovery Equipment, Solvent Recovery Equipment, Deodorizing Equipment, Steam Recycling Equipment, Heavy Metal Fixatives, Anti-corrosion Materials, Construction Materials

● INDUSTRIAL WASTE TREATMENT

Reuse of Synthetic Resin Products, Intermediary Processing and Collecting - Transporting Brokerage, Industrial Waste Recycling

● DISASTER PREVENTION TOOLS AND EQUIPMENT

Portable Toilets, Disaster Prevention Warehouses, Water Supply Tanks, Freshwater Generators and other Disaster Prevention Equipment

● NEW POWER SOLUTIONS

Solar Panels, Thermal Insulation Films, other various systems

■ OTHER PRODUCTS

Ion Exchange Resins, Wood Products, Metal Products, Materials for Logistics

Solar Panels

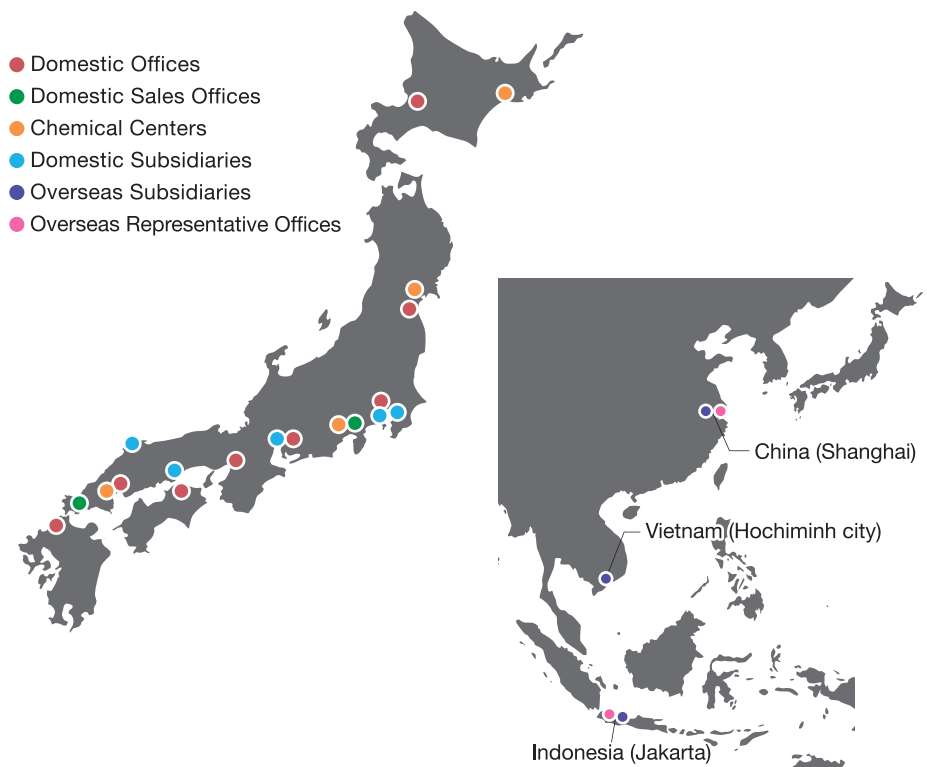

Recycling Equipment

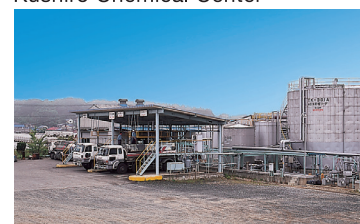

Wastewater Treatment Equipment

We strive to provide partnerships based on trust.

We will meet the customers requirements by the strong distribution network system as one of the advantages of Soda Nikka Group.

Kushiro Chemical Center

Sendai Shichigahama Chemical Center

Fuji Chemical Center

Hiroshima Ono Chemical Center

DOMESTIC NETWORK

Head Office (Tokyo)

Nihonbashi Front 5F,
3-6-2 Nihonbashi, Chuo-ku, Tokyo 103-8322, Japan
TEL: +81-3-3245-1802 FAX: +81-3-3245-1888

Regional Office: Kansai

Branch Offices: Hokkaido, Sendai, Nagoya, Hiroshima, Shikoku, Fukuoka

Sales Offices: Shizuoka, Ube

Chemical Centers: Kushiro, Sendai Shichigahama, Fuji, Hiroshima Ono

Domestic Subsidiaries: Sodanikka Business Support Co., Ltd. / Nihon Howsow Co., Ltd. /
Moris Co.,Ltd / Nisshin Co., Ltd. / Notsu Zensuke Shoten Co., Ltd.
